

Culture Impact Teams of Tucson

4Tucson Government Domain

Equipping Christians to be “salt and light” by working to bring Godly values back to our American culture.

Purpose: Joining together and giving practical help to the churches of Tucson so they can make a positive and Godly Christian impact on our community, state and nation.

How: By Partnering with **Family Research Council’s** proven nation-wide network of “*Culture Impact Teams*”, any church can easily *establish a ministry* which can come alongside the pastor to **Inform, Equip, Alert & Mobilize** both pastors and congregation on the culturally relevant issues of the day.

This non-partisan initiative provides vast knowledge, training and informational resources that promote good government according to Biblical principles, and without any political party affiliation.

Inform, Equip, Alert & Mobilize Your Church:

- **INFORM:** Become the go-to person/team to assist pastor on important issues.
- While Pastor is in Authority, this efficient mission approach actually lessens his work load.
- **ALERT:** *Sound the Alarm* - keep pastor and church informed on serious moral issues that affect your community, state and nation. (Example: TUSD’s recent Comprehensive Sex Education Agenda).
- **MOBILIZE** Coordinated Involvement – Encourage grassroots participation in tasks such as petition drives, voter registration, pregnancy support centers, public office, service projects, etc.
- **EQUIP** other Tucson churches to form “Culture Impact Teams” and work together to multiply the impact of city-wide CIT activities. Meet and pray with other Churches and work together to elect godly representatives in all levels of government. Let us help you get started today!
